IRRESISTIBLY WHITE!

Dubbed the celebrity go to brand for all things teeth whitening and a firm favourite with influencers and beauty editors has led to us being featured in Cosmopolitan, Glamour, Hello and many more glossy/high profile publications.

At Polished London we are dedicated to bringing innovative dental products to consumers by sourcing the finest ingredients that are stringently tested, safe and compliant to UK and EU regulations. We are also proud to say all of our products are cruelty free and vegan friendly.

We are a loved and trusted brand and are proud to be distributed in dentists, pharmacies and salons across the world.

Get Polished and Share Your Smile!

Polished London has teamed up with longstanding brand ambassador Louise McDonnell to create the perfect product that blends oral care with beauty: **Polished London x LMD**

BELLAMIANITA

LUXURY TANNING

WHY CHOOSE BELLAMIANITA

Bellamianta tanning products are enriched with natural oils, which are filled with omega 3, 6 and 9, contain one of the highest, premium grade DHA's. This luxury DHA works with the skins natural melanin to provide our signature golden tone.

The sumptuous formulas are filled with natural moisturisers making it suitable for dry irritated skin. All of our formulas are enriched with shea butter and aloe vera, which through vitamin A, C and E soothe and restore skin elasticity. The tan is enriched with Pentavitin® to hydrate the skin from within. These hard working ingredients are carefully chosen and blended to provide you with a more moisturised, better, longer lasting tan.

MiniMi Aftercare Advice

- You may notice an increase in cellulite over the next three days. This is completely normal as the body is eliminating toxins.
- A healthy lifestyle is recommended. Treatment should be combined with a healthy eating plan and regular exercise.
- Avoid bathing, showering or swimming for 24 hours after the treatment. To allow the product to absorb and continue working.
- Drink plenty of water. 1.2 litres daily is recommended for the next three days.
- Avoid sunbaths for 24 hours.
- For maximum results avoid alcohol, tea, coffee, salty snacks and processed foods for the issues of the treatment.
